

KLAN SENDS AID TO FAMILY HERE NEEDING RELIEF

Special Delivery Letter To News Carries Money for Stricken Mother.

"THANK EM" MAN SAYS

Grider Prepares To Remove Family To Old Home Back in Durant.

From out of the clear sky Friday morning came a messenger of mercy, in the form of Ada chapter of the Ku Klux Klan, bringing financial relief for which a destitute family, stranded here for three weeks, has been praying yet scarcely hoping that their prayers would be realized.

With eyes filled with tears, J. W. Grider, father and husband of the family, read the Klan's message, transmitted to him by a representative of the News as requested in a special communication sent through the mail by the Ku Klux Klan today.

Following is the message: Ada, Okla., Sept. 16, 1921. Ada Evening News, Ada, Okla.

Gentlemen: It has been brought to the attention of this organization that there is a family by the name of Grider who are making their home at one of the wagon-yards in this city and are in destitute circumstances. Mrs. Grider is suffering from cancer and knowing that she has but a short time to live desires to return to her old home to die. I am enclosing eleven dollars (\$11.00) which we are informed will cover the expense of the trip. It will be greatly appreciated by this organization if you will attend to this. Respectfully yours, ADA CHAPTER, KU KLUX KLAN.

By Provisional Secretary.

Three weeks ago the family arrived in Ada from Durant. Here their quest for a return of health to the wife was halted by diminishing funds and the realization that perhaps the frail little mother's condition would not permit of further wanderings. It was then that the father took refuge in a local wagon yard on East Main street where he did his best to provide comfort for the wife and three small children.

Father Breaks Down.

Choking back his tears of gratitude for a few minutes, Grider attempted to tell to the reporter a story of their misfortunes. Unable to find steady work here he sought any shelter the wagon yard would afford, all the time trying to find some means which would enable them to return to the old home in Durant.

"Never before in my life have I accepted charity and would not do it now if I could find work," he said.

At this interval, Mrs. Grider and the children gathered around to read the message. "Thank them, John," she said, "this is a blessing that has come to us from Providence."

"You thank 'em for me, young man," said Grider, his voice shaking. "Thank 'em the best you can and tell 'em I'll bless 'em to the last days of my life."

The father and mother then set about gathering up their few belongings preparatory to taking a noon train for Durant. Mrs. Orville Snead, secretary of the Pontotoc county Red Cross, endorsed the donation, declaring the family to be worthy.

DUNCAN BOY DIES OF WOUNDS FROM HI-JACKER

(By the Associated Press) DUNCAN, Sept. 16.—Ben Coleman, 14 year old son of Mr. and Mrs. Clyde Coleman, died at a hospital here early today from wounds received at the hands of an unknown "hi-jacker" who robbed the lad and several companions last midnight as they were returning to town from the fair grounds. The police are following several clues but have not made any arrests.

OKLAHOMA WEATHER

Tonight and Saturday generally fair.

RAGS! RAGS! RAGS!

The Ada News wants rags—cotton rags. We want them clean but some two-thirds clean might be accepted. Why not gather up all the waste rags about the place and send them down and get FIVE CENTS A POUND. Don't crowd—Rum can be made for you, however.

3 AVIATORS ARE KILLED IN TAIL SPIN AT DALLAS

(By the Associated Press) DALLAS, Sept. 16.—Lieut. Armstrong and two enlisted men, Sergeants Gibson and White, from Post Field, Ft. Sill, Okla., were instantly killed at Love Field, Dallas, this afternoon when a big army observation plane in which they were flying went into a spin at an altitude of only about 150 feet and crashed to the earth. The plane burst into flames just as it struck the earth and the bodies of the three men were badly burned.

CHURCH WAS ALONE IN MURDER, BELIEF

Confession Involving Two Others Is Labeled As "Frame-Up"

(By the Associated Press) CHICAGO, Sept. 16.—That Harvey W. Church played a lone hand in the murders of Bernard J. Daugherty, auto salesman, and Carl Ausmus, demonstrator, was the assertion of Edgar A. Jones, assistant state attorney, today. Church at first confessed he killed the two men and disposed of their bodies, but later implicated Leon Parks, Clarence Wilder and others. Parks later made a confession. Investigators for the state attorney's office now believe that Parks' confession was a fake and that Wilder is not involved.

Others were inclined to the view that Church, Parks and an unknown "third man" were involved in the murder. A search is being made today by those inclined to this theory for the "third man."

ALL BOYS CRAVE WATERMELONS IS JUDGE'S BELIEF

Declaring the theft of a few watermelons, especially under certain circumstances, to be only "malicious mischief," and not a serious crime, Justice of the Peace W. H. Fisher showed leniency for four county boys up before him Thursday afternoon on a charge of the larceny of melons and fined them only \$1 each. The boys paid their fines.

At the time charges were filed against them in justice court some time ago, two of the boys pleaded guilty but judgment was withheld in their cases until all came to trial. The defendants asserted that they believed permission had been given them to take "a few melons just to eat."

After giving them some reprimand for the melons they confessed to have taken, Judge Fisher observed, reminiscently, that "circumstances and facts often amount to more than the law, especially when it is administered without a little human consideration." Without upholding the boys in their act Fisher said the craving for watermelons has tempted boys "ever since he could remember."

Ardmore Policeman Held for Killing of Man Last Night

(By the Associated Press) ARDMORE, Sept. 16.—Ace Ford, young white man, was shot and killed during an encounter at the fair park about 1 o'clock last night. Rex S. Baxter, special policeman, is being held in the county jail today charged with the shooting.

There were six or eight eye witnesses to the shooting, although officials of the county attorney's office had not interviewed any of them at noon today. A declaration has been secured by County Attorney James H. Mathers, from Baxter and his wife, but he is silent as to the contents.

CHINA DID NOT REJECT REQUEST FOR SHANTUNG

(By the Associated Press) TOKIO, Sept. 16.—The foreign office announced today that it had received no official information that China had declined the Japanese proposition for the turning over of Shantung to China. The government is making public today the correspondence regarding the Japanese proposition.

ENGINE CREW KILLED WHEN TRAIN DERAILS

CLINTON, Sept. 16.—Engineer Thomas Lea and fireman John Johnson, both of Clinton, were killed when the engine of the Chicago and Northwestern railroad fast west-bound passenger train No. 7 was derailed in a washout a mile and a half west of Bell Plains, early this morning.

ARBUCKLE CASE STARTS WITHIN 3 WEEKS, WORD

Attorneys for the Film Star Deposit \$45,000 Cash Bond Friday.

DEFENSE GETS READY

Federal Probe Into Taking Liquor to Hotel Carried To Los Angeles.

(By the Associated Press) SAN FRANCISCO, Sept. 16.—District Attorney Brady announced in the court of Judge Lazarus today that the "people are ready to proceed on the murder charge against Roscoe C. (Fatty) Arbuckle, who is held responsible by authorities for the death of Miss Virginia Rappe, a motion picture actress.

The announcement came after a conference between Brady and police officials, called for the purpose of deciding which of the four charges against Arbuckle would be tried. There are two murder and two manslaughter charges pending against Arbuckle. Judge Lazarus continued the case until next Thursday at 1 p. m.

SAN FRANCISCO, Sept. 16.—Roscoe C. (Fatty) Arbuckle will go on trial on charges of murder in connection with the death of Miss Virginia Rappe within three weeks, District Attorney Brady announced last night.

"I am going ahead with the prosecution of this case with all the speed possible," he said. "I expect to be ready for trial in about three weeks and I believe that the defense will be too."

He declared he had several reasons for giving no decision at a conference with his deputies and police officials today as to whether to try the film star on a charge of murder or manslaughter. "We think we have sufficient evidence to convict Arbuckle of murder," he said. "But that is up to the community magistrate."

Arbuckle was to be arraigned before Police Judge Sydian Lazarus today for a preliminary examination on the charge of murder, filed by Mrs. Delmont.

\$45,000 Bond Up. Attorneys for the film star yesterday deposited \$45,000 cash bond to cover the manslaughter charge and should the district attorney announce his intention to prosecute on that charge alone, and dismiss the murder complaint, Arbuckle would be eligible for bail. Should the decision be made to prosecute for murder, however, Arbuckle would be forced to remain in jail unless the counsel could make bail on this charge. Under the California law first degree murder is not a bailable offense.

Federal investigation into the source of liquor alleged to have been consumed at the Arbuckle party in the hotel suite here, has been carried to Los Angeles. Robert Camarillo, assistant United States district attorney, declared in Los Angeles that several people had made statements to him which would show that Arbuckle transported 20 quarts of whisky in his automobile when he motored to San Francisco to stage his party. It was also learned, said Camarillo, that a case of gin and other liquor was delivered to Arbuckle's rooms at the San Francisco hotel.

The auto in which Arbuckle is said to have carried the liquor from Los Angeles to San Francisco, is declared to be worth \$25,000.

SCOUTS APPEAR IN PARADE FOR CONSTITUTION

Boy Scouts of Ada will hold the center of attraction Saturday morning when every troop of the city, including more than 150 lads, join to pay homage to fundamental American traditions in their observance of Constitution Day.

Promptly at 11 o'clock tomorrow morning, all scouts of the city will assemble, at scout headquarters and the line of march will form without delay. It will pass down Hope avenue to Main street, down to Townsend and back to Main and Broadway where it will halt for the ceremonies.

Following is the program to be given, beginning soon after 11 o'clock, on the banks corner: Selections by the High School Boy Scout band.

Introduction of speakers by Chairman Vester Willoughby. How we got our Constitution—Richard Walker Simpson Jr. Selections by the band.

Everybody is especially invited to attend this patriotic ceremony. All scouts and members of the council are urged to be at scout headquarters by 10:30 tomorrow morning. Headquarters are located at 108 East Fourteenth street, east of the Presbyterian church.

NEGROES START BITTER WAR ON SECRET ORDERS

(By the Associated Press) CHICAGO, Sept. 16.—President Harding was asked to send a message to congress recommending a law prohibiting any secret organization, "whose principles are contrary to those of the constitution and law of the United States," in a telegram from the National Equal Rights League, a negro organization, today. The league concluded a week's session by condemning the Ku Klux Klan.

It was also announced the league would call upon the department of justice to investigate the Klan and determine if any federal laws had been violated.

600,000 WAR VETS ARE JOBLESS NOW

Survey of 11,000 Posts of Legion Reveals Immense Army Out of Work.

(By the Associated Press) INDIANAPOLIS, Ind., Sept. 16.—A survey conducted by the American Legion through 11,000 posts discloses that between 600,000 and 700,000 veterans of the world war are out of employment, it was announced last night.

The Legion's investigation shows that Pennsylvania alone reported 150,000 ex-soldiers out of work. New York has 100,000, Illinois 35,000 and Massachusetts 30,000, Michigan 30,000.

Georgia was the only state to report that unemployment was not general enough to require aid from the Legion.

The American Legion weekly, in its issue today will say that "figures alone do not tell the plight of the American unemployed veterans, for the greater part of these jobless ex-soldiers and ex-sailors are not only out of work but are engaged at this moment in a struggle for existence with their backs to the wall of circumstance."

Stating that the "plight of the veteran is serious enough today and that winter is just around the corner," the weekly continues:

"All over the United States the American Legion is working to meet this new emergency. It is not altogether a new problem for most of the posts, for they have long had employment officers and have systematically helped their members obtain jobs. The problem has now become one of volume. Facilities that enabled a post to place three or a dozen men in jobs weekly do not meet the requirements when the hundreds of veterans are on the unemployment lists and open jobs have almost vanished. The problem has also become one largely of relief."

TRIPLE FUNERAL FOR ADA HEROES

City To Pay Last Respects Monday Morning to Three Returned Soldiers.

Ada will see her first triple military funeral Monday morning at 10 o'clock when the local post of the American Legion says last rites over the bodies of three local boys killed in action in France.

They are Norman V. Howard, for whom the Legion post here was named, Huey C. Armstrong, and Adam Peters. Services will be held at the First Baptist church, Rev. C. C. Morris acting as chaplain. Although detailed arrangements for the funerals had not been announced this afternoon, it is expected that they will be completed by Saturday.

Because of the fact that all three men had a large number of friends in the county, an enormous crowd is expected to attend the funeral services. Burial will be in Roseade cemetery.

Arrangements being made Friday morning for a double funeral for Norman Howard and Huey Armstrong were changed this afternoon when Walter Wray, local Legion commander, learned that Peters' body would arrive here in time to make the funeral one in which triple ceremonies will be used. It is even possible that the body of another Ada man may reach here before Monday morning, Wray said.

The bodies are scheduled to arrive here Saturday afternoon and will lay in state until Monday.

OKMULGEE SHERIFF TO GO ON TRIAL SEPT. 26

OKMULGEE, Sept. 16.—Trial of Sheriff Lon Kuhn of Okmulgee county, on proceedings instituted by the county attorney for the alleged violation of his oath of office and the failure to enforce the prohibition laws have been set for September 26, in the supreme court. More than 150 witnesses are expected to testify.

BIGGEST CROWD NOTED AT FAIR GROUNDS TODAY

Interest Nears Pinnacle As Judging Ends and Many Results Are Posted.

TOMORROW LAST DAY

Good Attendance Expected Again Saturday When Exhibit Ends.

Interest is thought to have reached its highest peak in the Pontotoc County Free Fair this afternoon as crowds far exceeding any that attended the exhibit on preceding days thronged the Fair Grounds.

Judging is practically complete and results of nearly all contests were being posted for the various exhibits at noon Friday. Thursday afternoon, crowds at the fair ground were swelled by the attendance of scores of school children, given liberty from the various buildings of the city to allow them to see the displays. This afternoon the Normal was dismissed and collegians augmented the size of the fair grounds throng.

With tomorrow's program, another free fair will have gone on record for Pontotoc county. Because of keen interest shown this season in township fairs, officials said, an unusually good showing of products at the county exhibit was made possible. Schools showed strong competition in both agricultural and straight academic displays at the fair grounds. Judging in these departments was completed today and results announced. Livestock and poultry furnished interesting exhibits for the fair also.

A bird man who was to have arrived at the fair grounds for stunts yesterday did not reach Ada. Some hope was entertained that he would come Friday afternoon.

A sale of thoroughbred hogs at the grounds was listed for this afternoon.

Following is a list of results in contests, supplementing yesterday's announcements:

School Exhibits Agricultural Fruit—Vanoss, first; Oakman, second. Vegetables—Union Valley, first; Oakman, second. Self-Feeder—Ahlosco, first; Oakman, second. Woods—Center, first; Homer, second. Weed Seeds—Vanoss, first; Ahlosco, second. Garden Seeds—Center, first; Frisco, second. Feathers—Homer, first; Ahlosco, second. Vitalized Agriculture—Oakman, first; Homer, second. Corn—Frisco, first; Oakman, second. Kafir—Ahlosco, first; Homer, second. Cotton—Center, first; Oakman, second. Wheat—Union Valley, first; Frisco, second. Oats—Ahlosco, first; Oakman, second. Peanuts—Ahlosco, first; Oakman, second. Soy Beans—Oakman, first; Center, second. Bundle—Frisco, first; Center, second. Seeds—Center, first; Ahlosco, second.

Judges in this department were teachers from East Central State Normal.

Academic Contests Penmanship—Union Valley, first; Frisco, second. Second division, Frisco, first; Center, second; third division, Center, first; Frisco, second. Languages—Homer, first; Oakman, second; second contest, Homer, first; Union Valley, second.

English Grammar—Ahlosco, first; Homer, second. Number Work—Center, first; Union Valley, second. Arithmetic—Homer, first; Frisco, second; second contest, Oakman, first; Ahlosco, second.

High School Arithmetic and Algebra—Oakman, first; Frisco, second. High School Geometry—Union Valley, first. Handwork—Ahlosco, first; Center, second.

Primary Handwork—Homer, first; Ahlosco, second. Handwork—Ahlosco, first; Homer, second. Intermediate Handwork—Ahlosco, first; Homer, second. Grade Handwork—Homer, first; Oakman, second.

Oklahoma History—Center, first; Oakman, second. History—Vanoss, first; Homer, second.

History—Vanoss, first; Homer, second. High School History—Center, first; New Bethel, second; Frisco, third. Physiology—Center, first; Ahlosco, second.

Hygiene—Homer, first; Union Valley, second. High School Physiology—Union Valley, first.

(Continued on Page Five)

LOCAL MAN SAID TO BE MISSING FROM HIS HOME

Reports were received at the police station this morning stating that Lawrence Parker, of 320 West Sixteenth street, had disappeared last night and at noon today no trace of him had been found. Mrs. Parker asked help today of the police in locating her husband but all efforts were fruitless.

According to Mrs. Parker, some trouble occurred in their home and she declares she knows the man who is responsible for it. Parker left home about 7:30 last night, apparently for a visit to the county fair grounds. She has not heard from him since.

NATIONAL GUARD UNITS STRONGER

Big Increase in Strength is Authorized by the U. S. Government.

(By the Associated Press) WASHINGTON, Sept. 16.—Substantial progress is being made by the army general staff, acting in co-operation with the state executives, in developing a national guard along lines of the new organic law designed by congress to make that body a reinforcement of the regular army in time of war. The department, up to September 1, had reorganized and given federal recognition to national guard units aggregating 124,000 men and including 46,000 approximately since January 1. They authorized the increase in the same period of 208,153 to 225,000 more men.

The national guard divisional units, or their sub units, adopted by the general staff, provides for the creation of 18 divisions and a small proportion of the army corps into army troops, so that when combined with the regular army both will be able to furnish on mobilization emergency combat elements for three field armies.

The reorganization of the 18th Division was reported recently as averaging 66 percent of completion.

PRESIDENT'S YACHT NOW OFF DELAWARE CAPE

(By the Associated Press) WASHINGTON, Sept. 16.—The presidential yacht, Mayflower, with President Harding and his vacation party aboard, was reported off the Delaware capes at 8 o'clock this morning in a wireless message to the navy department. The yacht, which left New York last night after several days spent in that vicinity, was reported as steaming southward and that if the speed that was maintained throughout the night was continued, she should arrive in Hampton Roads early tonight. Plans of the president as given out before leaving New York said he contemplated a stop at Norfolk for a game of golf.

KANSAS MINERS' STRIKE GOES IN EFFECT FRIDAY

(By the Associated Press) PITTSBURG, Kas., Sept. 16.—A strike of three hundred miners employed by the Spencer-Newslands Coal company at two mines, ordered by President Alexander Howatt and the district foreman of Kansas Miners Union, went into effect today.

A dispute over the pay of a blacksmith was the cause of the strike, it was announced at the union headquarters today.

The strike order was issued and put into effect on the eve of the departure of Howatt and the Kansas delegation to the international convention of the United Mine Workers which is to begin at Indianapolis Tuesday.

AIR SERVICE CHIEF REQUESTS A RELIEF

(By the Associated Press) WASHINGTON, Sept. 16.—Major General C. T. Menoher, chief of the army air service, has formally asked Secretary Weeks for release from that post and transfer to the command of troops in the field.

Rumors have been prevalent for some time in Washington that either General Manohar or Brigadier General Mitchell, assistant chief of the air service, would resign as the result of friction between the two which culminated last spring in the chief asking for the removal of General Mitchell.

REPEALING INCOME TAX RATE SETTLED TODAY

(By the Associated Press) WASHINGTON, Sept. 16.—Repeal of the income surtax rate of 1 percent on net incomes of more than \$5,000 and less than \$6,000 was agreed on by the senate finance committee today. Reductions also were made in a number of brackets up to the maximum of 32 percent as agreed on previously.

BRITAIN CALLS PARLEY TO END QUICKLY TODAY

Irish Refuse To Go Into Inverness Conference As Dependents.

PEACE IS STILL URGED

Guerilla Warfare Will Not Be Resumed, De Valera Makes Plain.

(By the Associated Press) LONDON, Sept. 15.—Eamonn de Valera telegraphed Premier Lloyd George at Gairloch, Scotland, tonight expressing surprise that the Premier did not see that the Irish cause would be irreparably prejudiced if she entered the proposed conference without making her position quite clear.

LONDON, Sept. 16.—Relations between England and Ireland today stood as they did before Eamonn de Valera came to London on July 14 to discuss with Premier Lloyd George a possible basis for ending the Irish controversy. The Sinn Fein leader yesterday made plain his note to the Premier that his stand on the Irish republican plenipotentiaries would be that they would enter a conference only as delegates of an independent power. Mr. Lloyd George quickly announced the cancellation of his invitation to the Irish leader to a parley at Inverness.

The Premier made it plain that he could not meet the Sinn Fein delegates on the claim of Irish independence and sovereignty entered upon, but he did not close the door to further exchanging with the republicans.

It is expected here that members of the British parliament will confer with the premier before the government takes further steps.

The British parliament adjourned August 18 until October 18, but Mr. Lloyd George announced that if negotiations with the Sinn Fein broke and the position became hopeless, the speaker of the house of commons would be empowered, after a consultation with the government, to summon parliament together on a 48 hours notice.

There was no indication here today that either the British government or the Sinn Fein would denounce the truce arranged two months ago, resuming the guerrilla warfare that caused the loss of scores of lives and destroyed property high in the millions. Warfare is the last thing either side wants, and no effort, apparently, will be made to start trouble. Each side will go to every effort to prevent the other from taking place on either the responsibility for resuming hostilities.

JOKE TURNED ON HIM, LEAVING FINE TO PAY

Frank Reynolds, charged with stealing some bride reins valued at \$2, entered a plea of guilty before Justice of the Peace W. H. Fisher Thursday afternoon and was fined \$10 and costs. He said the fine and cost amounted to \$20.10. "I took the things as a joke," Reynolds said. "but somebody turned the joke on me by swiping them again. That left me holding the sack with a nice little fine to pay." Reynolds is said to be a broncho rider connected with wild west entertainments being given at the county fair.

57 SCOUTS TURN OUT FOR STUNTS THURSDAY NIGHT

Fifty-seven boys turned out last night at an unusually large number considering the school work which kept many from attending, to participate in the first scout stunt night at the City Hall.

Feature of the event was the stunts pulled by Rev. H. M. Woods of the First Christian church. He not only interested but amazed the scouts by driving a nail through three boards with his fists, swinging a chair with his teeth, holding a chair with a scout in it high in the air and letting thirty of the boys try to pull his arms apart after he had folded them across his breast.

The boys loudly applauded every act and these acts of physical prowess made the things that are usually took up at stunt nights look insignificant, some said. All had a good time and several men who attended were especially pleased with the outcome of the affair. The closing number of the evening was an address by Scout Commissioner L. A. Ellison.

Do you want to sell anything to farmers, rent anything to them, exchange with them? There is a certain way to get your message in them, send it through the Ada Weekly News.

THE WAGES OF SIN IS DEATH

Out on the Pacific coast scores of screen stars live, make money easily, and enjoy all the comforts that nature and man have created. Some of these actors and actresses live a pure, wholesome life. Others, fools with their money, spend their time and money in riotous living.

It seems that Fatty Arbuckle and others who attended his bacchanalian spree at the St. Francis hotel in San Francisco belong to the latter class. We do not know what kind of a life Fatty has been living. We do know that, judging from all reports, Arbuckle was beastly drunk and the ill-fated Virginia was, to be the least unkind, indiscreet. In the whole sorry mess, Virginia Rappe, beautiful, talented, young, was mortally wounded. Today Arbuckle faces a probable death penalty or a long time in prison, on a charge of causing her death.

Neither man nor woman can violate the laws of God and decency and get by for long. In the first place, the dead girl should never have gone to the room of a man, and certainly not a man who, it is said, she thought had been "trying to get her" for five years. But when men and women get together and then mix wine, whiskey and a bit of daring indecency, what can one expect but fatal consequence?

The fate of Virginia Rappe should be a lesson to every young girl. Do not put yourself in a compromising position. Be careful of men and where you meet them. And the probable fate of rich Fatty Arbuckle should be a warning to all those men who think they can ignore the laws of God and man. "The wages of sin is death."

TOO MANY LAWS

"The average attitude of indifference to the enforcement of laws in the United States results from the creation of too many crimes by legislative enactment. No law carrying a penalty such as would make its infringement a crime, is passed in England unless the demand for such a law is almost universal. This makes its enforcement sure and certain."

These are the words of ex-Vice President Marshall, one of the most accurate observers who has even been before the American people, while speaking of one of the most dangerous tendencies of modern times. The time has come when ever little Tom, Dick or Harry imagines such and such a law ought to be passed. A bit of agitation is started, a would-be congressman in our legislative halls introduces the bill, and soon there is a law on the books. There has been no demand for the law, and sooner or later it becomes a dead letter.

We heard an official not many moons ago state that to carry on the business of any city in Oklahoma efficiently, the law had to be technically violated repeatedly, inasmuch as the city officials have been surrounded with so many laws that it is impossible to do anything worth while without crossing legal bounds. Here was an official who admitted that he was not obeying the law.

What is to be the result if such a tendency is kept on? It will breed a disregard for law, and every one will consider he is privileged to do anything he can get by with.

A hot fight is developing in Texas over the seat in the U. S. Senate now held by Senator Culberson. Culberson has spent most of his life in office, four years as attorney general, four years as governor and with the expiration of his present term, twenty-four years as senator. Naturally he wants to hold on, but already half a dozen others have announced their willingness to answer the call of the people to this position. In the last primary he had rather a close call and this time the battle promises to be fast and furious. Texas is usually in the midst of a political row and campaigns begin early.

In view of the many other seemingly impossible inventions, we may expect some day to see some scientist construct an apparatus that will enable one to read one's thoughts, just as messages now travel by wireless. With a machine like that working on him a criminal would have little chance of escape and it would be impossible to make a mistake. Also, the average citizen would have to be careful about the channel in which his thoughts traveled, or some unpleasant things might develop. For instance hubby could not escape with the time worn excuse of business at the office when wife wanted to know why he was out so late.

Counting the pupils in the training school of the Normal, there are about 2,200 enrolled in the city schools. Oklahoma City has fewer than 18,000. In other words, Ada is about one-eighth as large as the capital city. This would indicate that the actual population of Ada is in excess of 12,000.

The appearance of Ada is improved by the many blocks of graveled streets. In fact, it appears that the streets of Ada will be passing fair within a reasonable time.

WONDERS OF AMERICA

By T. T. MAXEY

©, Western Newspaper Union.

THE CAVERNS OF LURAY

IN THE midst of the broad winding valley of the Shenandoah River—the "Daughter of the Stars" as the Indians called it—in northwestern Virginia, flanked on the east by a line of mountains known as the Massanuttons and on the west by the main chain of the Blue Ridge range, is the quaint, oldish town of Luray.

Ten miles west is Cave Hill, under which is one of our great natural curiosities—the Luray Caverns, to which have come to wonder, study and admire, scientists, explorers and tourists from every quarter.

Here the mysterious workings of nature have produced a veritable underground fairy palace, with miles of passageways lined with an infinite variety of curious, gigantic and wonderful formations. Almost every object of nature seems to be reproduced with surprising reality. The indescribably fantastic groupings of the weird and grotesque formations, the beauty and the coloring of the titanic tapestry effects and the translucent and symmetrical arrangement appear to be the handiwork of nature in a playful mood.

One chamber measures almost 400 feet in length by 125 feet in width. Others possess lofty, arched and elaborately ornamented domes. A most marvelous formation bears strong resemblance to a gigantic pipe-organ. When struck, these "chimes" give out, low, sweet, full notes which re-echo rather spookily through the surrounding caverns.

This cavern is brilliantly electric lighted, surprisingly free from dampness—in fact the atmosphere is pleasantly delightful, the normal, year-round temperature is about 54 degrees and the journey through it an entirely new and novel and unusual sensation.

In The Oil Fields

The Mecca Oil and Gas company, drilling east of Stoneham, will resume operations immediately. It was reported here today. This announcement was made following the receipt of 2000 feet of cable. Drillers are fishing out the old cable and tools preparatory to getting a new start. A depth of 1000 feet has been reached.

Some showing of gas at the Transcontinental well, in the ne of section 14-5-4, near Maxwell, was reported this morning. Operations are shut down now, with drilling at about 2485 feet, awaiting the arrival of fishing tools. Indications of gas were reported at 2290 feet and another small amount at about 2450.

Towns Place Ban on Showing of "Fatty" Films in Oklahoma

(By the Associated Press)
OKLAHOMA CITY, Sept. 16.—Following the filing of charges against Roscoe (Fatty) Arbuckle in connection with the death of Miss Virginia Rappe, motion picture actress, at least twelve cities in Oklahoma adopted through the city government or producers association, resolutions against the showing of them until the charges had been disproved.

The mayor of Oklahoma City issued an edict against the showing of the films, and at Tulsa, Ralph Talbot, president of the Oklahoma Exhibitors' association, announced no more Arbuckle films would be shown in Tulsa, and he would use his influence with the association to have them withdrawn from the state until after the trial.

Other cities where action was taken against the showing of the comedian's films included: Okmulgee, Lawton, Shawnee, Bartlesville, Ardmore, McAlester, Muskogee, and Chickasha.

MARINES TO MANEUVER OVER OLD BATTLEFIELDS

WASHINGTON, Sept. 16.—Over the same terrain where Grant and Lee fought the battles of the Wilderness, the U. S. Marine corps will this month hold the largest peace-time maneuver in its history.

A column of infantry, artillery, engineers, signal corps and other auxiliary troops will leave Quantico, Va., on September 26. Marine aviators will accompany them.

The mimic war will cover the historic territory around Fredericksburg, Chancellorsville and Wilderness. To add interest to the maneuvers the history of these famous Civil War battlefields will be studied by the men.

Before he returns to Quantico every buck private will have seen in action all the elaborate machinery of modern war, and special efforts will be made clear to him the meaning of the various movements of troops so that he will know "what it is all about."

TAFT WILL ADDRESS UNITARIAN CONFERENCE
DETROIT, Sept. 16.—Chief Justice William Howard Taft is scheduled to give the presidential address at the 29th biennial meeting of the General Unitarian Conference here on Oct. 6.

Let Cuticura Be Your Beauty Doctor

NEW WAY TO TAKE YEAST

In Convenient Tablet Form Combined With Iron and Other Health Builders.

Quickly Builds New Flesh, Strength and Health.

No need to eat yeast cakes any more! Take yeast the new easy way—in pleasant tablet form, as embodied in Ironized Yeast.

Everyone has heard of the seeming miracles performed by yeast, especially in cases of loss of weight, weakness, poor appetite, mal-nutrition and general "run-down" conditions.

The reason for these amazing results is that yeast contains a certain mysterious element called vitamins which we do not get in our present-day diet, but which are absolutely necessary for good health and proper physical development.

Ironized Yeast contains highly concentrated brewer's yeast which is far richer in vitamins than ordinary baking yeast. In addition, it contains iron and other well known health builders, so that you really get two splendid tonics in one.

If you want to put on good solid flesh, if you want to increase your strength so that you can tackle hard work and enjoy it, if you want to put good healthy color in your cheeks, and feel "fit" all the time—then try Ironized Yeast. Fine for clearing up sallow and blotchy skin.

In most cases Ironized Yeast will bring a decided improvement by the third day. The sallowest complexions will usually be cleared up in less than two weeks. Find out how it is to be in perfect health all the time! Get Ironized Yeast today. Packed in convenient Sani-tape package, that you can slip in your vest pocket. Cost no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10c a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.

IRONIZED YEAST Tablets

HIGHLY CONCENTRATED VITAMINE TONIC

Made by the Ironized Yeast Co., Atlanta, Ga.

POLICE GUARDING WALL STREET CLOSELY TODAY

(By the Associated Press)

NEW YORK, Sept. 16.—Extraordinary vigilance was maintained by police on duty in the financial district today—the anniversary of the Wall Street explosion of 1920, which resulted in the loss of 40 lives and caused in injury to more than 100 persons and property loss of thousands of dollars. The steps were taken as purely precautionary, it was explained. The cause of the disaster still remains a mystery.

AN UNDESIRABLE HANGER-ON

The Evening Press

Counting the Pennies

(Holdenville Democrat)

A mortgage expert examining the land sales records on Long Island just outside of Brooklyn found that among the thousands of home purchasers in that section the names of few Americans can be found. Almost without exception the home purchaser or home builder is a foreigner, most of whom only recently landed in this country.

The old line American is rapidly being dispossessed of the land of his fathers by the European immigrant. But he owes this situation to one thing in chief—he is being out-saved. The foreigner earns less than the average American, but he saves much more. His chief purpose in getting money is to keep it and he manages to keep the most he

gets. In a few years he has saved enough to pay for a home, while his American predecessor is chasing some get-rich-quick scheme or waiting for an oil boom to make him a millionaire over-night. Thus, the end of the Pilgrim is rapidly passing into the hands of outlanders, who know very little about American institutions but a whole lot about how to save their earnings.

We are beyond question the

most prodigal of peoples. We are the world's greatest spendthrifts and wasters. Last year in this country 50,000 supported themselves and some of them laid the foundation of small fortunes simply by picking up a saving what the people had thrown away. Fifty years hence the English language will rarely be heard in most of America unless a miracle happens and Americans learn to save money and buy land.

Handkerchiefs

Dainty and Colorful

Such a colorful spot—the Handkerchief section these days. They must match the costume as surely as ever the gloves or veil. To that end, colored borders, colored centers, colored embroidered motifs make a gay showing. Just as intriguing in a different fashion are the exquisitely fine and sheer hand-made Handkerchiefs in endless designs, imported specially for this occasion.

5c to \$1.50 Each

The New Umbrellas

Boast an Air of Distinction

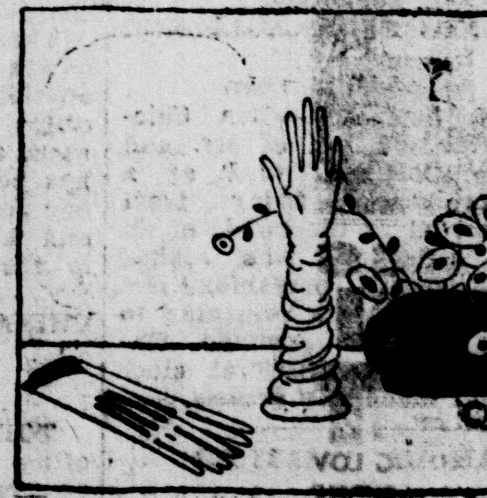

Infinitely removed from its sturdy ancestor of a few decades ago, the graceful, attractive Rain Stick of the present only remotely suggests the old-time tent-like Umbrella. Then they stood for utility only. Now, with their snub noses, smart strapped handles and colorful tops, they are things of beauty, much more livable while not an atom less useful.

\$2.00 to \$13.50

Gloves For the Sleeves

Since the new sleeves have developed all sorts of whimsical moods—and modes—only the long-wristed Glove such as Gauntlet or Mousquetaire, can be relied upon to complete the picture. Sable, beaver and mole shades for your street costume; white for dressy frocks. Some of the new Gauntlets are charmingly ornamented as to cuffs, with appliques, pipings, cut work, fancy straps.

Did You Ever Stop To Consider What Location Means To Your Home or Business?

Don't you know that the location means everything in a business. If not then the First National Bank building would be worth as much in Maxwell as in Ada. Then if the location is so important in your business, why shouldn't it be just as important in your home. The surroundings and environments of your home means a great deal more to you than a few measly dollars, the difference in the price of a good and well located lot and a bad one. We have a lot surrounded by the best homes in Ada. See this lot at once.

GOVERNOR SMALL ASKS TO LEAVE FOR TRIAL

(By the Associated Press)
SPRINGFIELD, Ill., Sept. 16.—Petitions for a change of venue from Sangamon county and affidavits alleging that Judge E. S. Smith is prejudiced and could not give them a fair trial, were filed with the court today by Governor Len Small and Vernon Curtis, both under indictment charging embezzlement and operating a confidence game.

If you have something to sell, why not advertise it in the Ada Evening News? That is the quick and certain way to reach the buyers of Ada and other towns of the county? Want ads do not cost much.

Lot a News want ad get it.

A Man is just as Young and Strong as his Blood

No man can fight the battles of life and hold his own if his blood is not pure. For rich red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wonder that such a man has coursing through his veins rich, red blood. Many people have this, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, made without alcohol, and sold by druggists in liquid or tablet form.

A Conundrum

"Father," said a little boy thoughtfully, as he wanted his parent to collect his notes and arrange the slides for a parish entertainment, "why is it that when you

IT'S MYSTERY TO ME DECLARES MILLER

Oklahoma Man Was Badly Run Down But Feels Like a Boy Now.

"The best money I ever spent was the little amount I paid for Tanlac," said W. C. Miller, Brinkman, Okla. "It is a mystery to me how Tanlac does it, but I know it has practically made me a new man. When I began taking it I was in such a nervous and run down condition I was about ready to give up and take to my bed. "I'm entirely rid of that miserable old tired feeling now and am as fresh and buoyant as I was when a boy, and work why the bigger the job the better I like to tackle it. I eat anything I want too, and my stomach is as sound as a dollar. The change this medicine made in me beats anything I ever saw or heard of." Tanlac is sold in Ada by M. A. Waits and by leading druggists everywhere.

CHURCH PROBLEMS TO BE TALKED IN MEET

(By the Associated Press)
PITTSBURG, Sept. 16.—Analysis of problems confronting churches throughout the world will be undertaken here at the eleventh general council of the Alliance of Reformed churches holding the Presbyterian system opening today. Session will continue until September 25.

Seventy different church bodies, numbering nearly 35,000,000 members and adherents, are included in the Alliance, according to Dr. John McNaugher, president of the Pittsburgh Theological Seminary and chairman of the local committee.

"This meeting is one of utmost importance, because of the baffling problems confronting not any one nation or group of nations, or one church or group of churches, but all nations and all churches," Dr. McNaugher said.

"They are world church problems and only a world gathering with the leaders in religious work and thought from all corners of the earth in attendance can properly diagnose those problems and work out the remedies for those ills.

"The general council of the Alliance is expected to solve many of the problems of the Reformed Presbyterian churches. Ministers and others interested in these churches are anxious, to get the results of the deliberations of the council, because this is the first meeting since before the war and the war has been responsible for many of the church's problems."

Since the first convention in Edinburgh, Scotland, in 1877, it has been the custom to hold meetings of the general council of the alliance every three or four years. The last was in Aberdeen, Scotland, in 1913.

For a small amount you can advertise your stuff in the Ada Evening News and sell direct to the consumer. Why not get the middle man's profit?

State News

HOBART—The annual banquet of the Kiowa County Jersey club was held here recently, with J. M. Rule, president, as toastmaster.

DRUMRIGHT—The school officials here stated that reports saying the school will have to close before the end of the nine-months term are unfounded, though the school treasury is low.

TULSA—The city jail here is for sale and has been for two weeks without a bidder. City officials have stated that unless they can sell it they will not purchase or construct a new one.

MUSKOGEE—Stating that "there is more encouragement for crime today than for any respectable business," S. M. Rutherford, state senator, addressed the Rotary club here "from the viewpoint of a practical farmer."

FREDERICK—The contest for Queen of the Fair, in this county, will be dropped soon for want of entries, according to E. J. McBride, who is making arrangements for the fair program. He stated so far no entries had been received.

PONCA CITY—Bert Colby of this city has purchased 300 goats to aid him in clearing the underbrush from his farm of several thousand acres near here.

McALESTER—The first public intimation of the existence of the Ku Klux Klan in McAlester was received when \$20 was left in an envelope with a McAlester newspaper, asking that it be handed to a needy family. The letter enclosed with the money bore the official seal of the Klan.

MIAMI—The case of Sam Hannan, charged with murder in connection with the killing of Clarke Stewart two years ago was set by District Judge S. C. Fullerton, for September 21.

McALESTER—Chief Holbrook in giving his annual report stated that 142 fire alarms were turned in for the year ending June 30. The approximate loss on buildings was \$16,587.45 and on contents, \$6,039.25.

BARTLESVILLE—The manner in which Bartlesville celebrates Armistice Day next November will be determined by the American Legion it was decided at a recent meeting of this city's merchants.

FREDERICK—This county already has received \$32,000 in returns from the state as its proportion of the state auto-license tax for automobiles owned in the county.

MUSKOGEE—The only salt water bathing beach in Oklahoma is to be opened here next spring, with water furnished from a salt water well near here, which also is producing enough gas to light the entire grounds, according to articles of incorporation filed with the secretary of state.

Normal Dismisses To Let Students Visit at Free Fair Today
East Central State Normal closed its second week of the fall term at noon today, dismissing early to give students an opportunity to attend the county fair in a body. With the enrollment growing steadily today, and prospects for its continued growth until Tuesday, officials of the school were predicting a total enrollment of at least 625, the total at an early hour today being 572.
Classes, clubs, special departments and side courses have all been organized and started out for a successful year. Society at the school this fall and winter promises to be of a more active nature than last and the students are eagerly looking forward to the events ahead. Class work has started off with a high average, and all students are working in an unusually good manner, instructors have reported.

DISTRICT COURT NOW READY FOR SESSION

Machinery of the district court was being "oiled up" Friday and set in working order for the opening Monday of a special September short session to dispose of a heavy docket of motions, defaults and demurrers. One hundred and forty-two cases are listed but it is expected that practically the entire docket can be run off in the course of today.

District Judge J. W. Bolen arrived in Ada this week from Colorado preparatory to opening of the court. Divorce motions and defaults constitute the majority of cases to be taken up at the short session, according to the prepared docket.

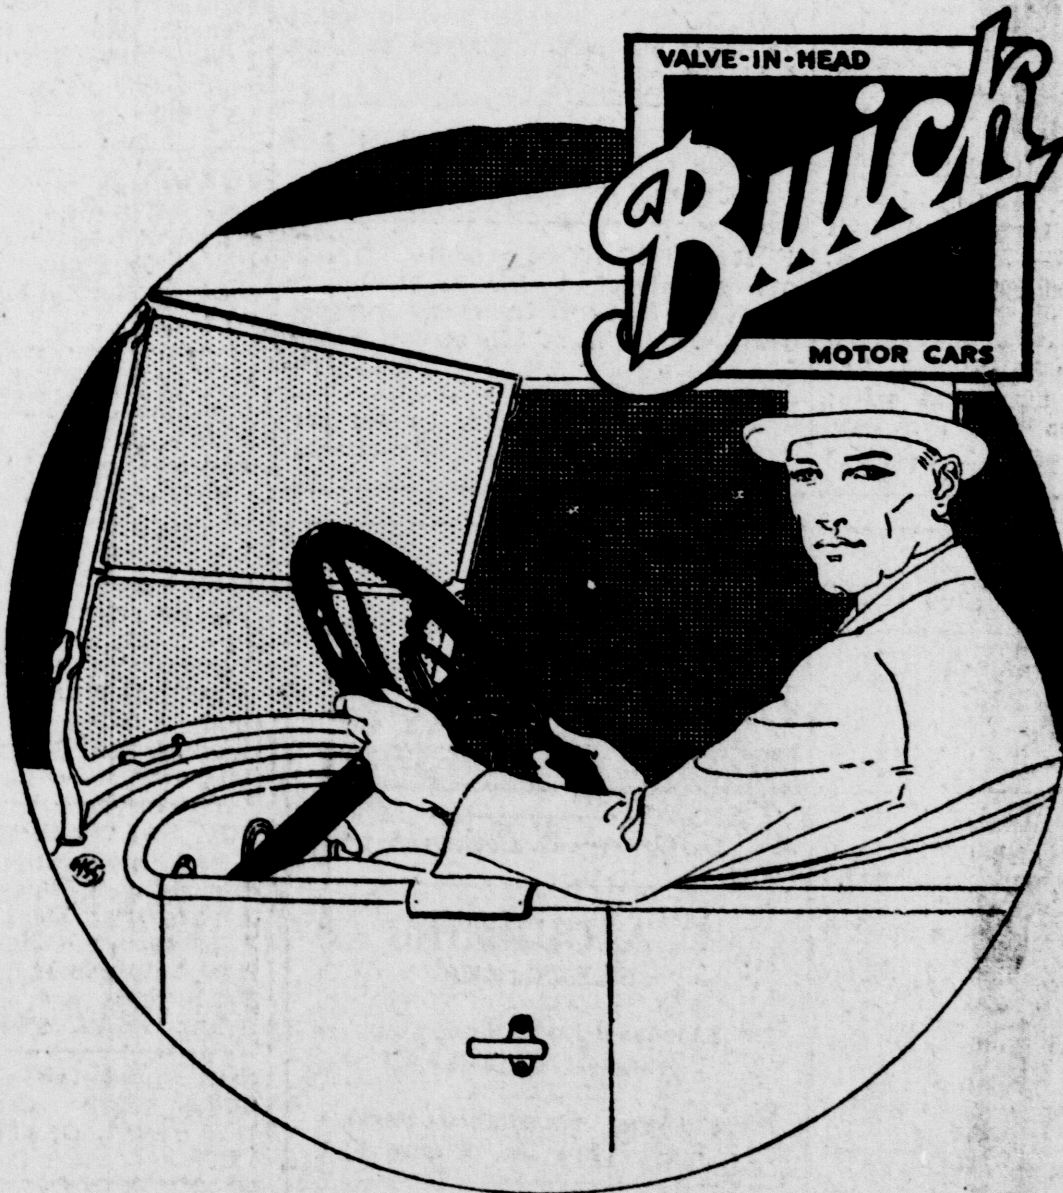

Cases to be disposed of at the special term will clear the way for an opening of the regular October session.

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and saves money. Men who are good managers should always keep a bottle on the shelf at home. Price \$1.25 per bottle. Sold by Gwin & Mays. (adv)

NOTICE

One hundred sandwiches will be given away FREE to little folks from 1 to 6 years of age, Saturday morning at 10 o'clock at Daddy's Lunch Car. Holley's Drug Store. Send the babies. 9-16-11*
